Dear John:

On behalf of the Sickle Cell Association of New Jersey, thanks so much to the Big Apple Playback Theatre for sharing your talents with us at our 2nd Annual Statewide Sickle Cell Disease Symposium at the Liberty Science Center on November 22, 2014. Your talented troupe not only rendered a great performance, but they rendered a great service by lifting the spirits of our families who are meeting the challenges of sickle cell disease. It is no wonder that you were "back by popular demand."

We conducted a post symposium survey and several respondents singled out the Big Apple Playback, and the stories you brought to life, as a highlight of the day.

"They were inspiring."

"The Playback Theatre was most valuable...hearing other peoples stories."

"I tremendously enjoyed the Playback Theatre."

We consider the Big Apple Playback Theatre to be a "staple" of the event. I very much hope for, and look forward to, your continued involvement in our Annual Sickle Cell Disease Symposium. Thanks again!

Sincerely,

Mary Bentley LaMar
